

12. Please list test equipment: (Minimum Required Equipment)

Fill out information on the product you wish to service

	Manufacturer	Model#	Serial#
AC Voltmeter			
AC Analog Volt/Ohm Meter			
AC Volt/Amp Meter			
Am/FM Sweep Generator (Audio)			
DC Power Supply (All except Appliances)			
Digital Voltmeter (All)			
Oscilloscope Dual Trace w/time delay MHZ (minimum) (Audio/Video)			
Frequency Counter (Audio/Video)			
MTS Generator (Video)			
NTSC Generator (Video)			
NTSC Vectorscope (Camcorder/8mm)			
Microwave Leak Detector* (Microwave Oven)			
Laser Power Meter (audio/Video)			
Color Monitor (Video)			
AC Leakage Tester (All except Appliances)			
Solder Station (All)			
Light Box & Charts (Camcorders & 8MM)			
Freon Recovery Equipment (Air Conditioner)			
AHAM Certification			
Audio Oscillator			
Isolation Transformer			
Light Test Charts			
Light Meter			
Stereo Generator			
Wow & Flutter Meter (Audio)			
Telephone Analyzer (Telephones)			
Vacuum Pump			
VARIAC			

\*Acceptable Leakage Meters: Narda Models: 8100, 8201, 8250, 8217  
 Holaday Models: 1501, 1501A, 1600, 1800, 1801, 1710  
 Simpson Models: 380M

\*Sharp requires that survey leakage meters be calibrated annually per the manufacturers' specification.  
**(Please include copy of the current calibration certificate)**
